

Natnael Yohanes

SOFTWARE ENGINEER

ABOUT

I am a **software engineering student at AAIT** with a strong passion for **AI and Machine Learning**. I aspire to use these technologies to address **global challenges**. I am also eager to become a **Competitive Programmer** capable of solving complex problems efficiently. My goal is to create and contribute to **innovative solutions** that drive **sustainable development** while growing my skills through **impactful projects**.

SKILLS

- Python
- Java
- HTML5 and CSS3
- JavaScript
- Problem-Solving
- Communication
- Team Collaboration
- Adaptability
- Continuous Learning
- Time Management
- Creativity
- Critical Thinking
- Leadership
- Figma Design
- MongoDB
- MYSQL
- React
- Node
- GraphQL

Resume

PERSONAL PROJECTS

● Mahibere Kidusan Library and BookShop DataBase

05/2024 - 07/2024

- Transitioning from Excel sheets to the Mahibere Kidusan Library and Bookshop Database has increased efficiency.
- The new system has significantly **reduced manual errors and improved data retrieval speed**.
- Overall management of inventory, sales, and member records has been enhanced.

● Ethio Weather Website

03/2023 - 04/2023

- The Ethio Weather Website delivers real-time weather updates and forecasts for locations across Ethiopia.
- By **utilizing reliable weather APIs**, the website provides users with accurate and timely weather information.
- This helps users plan their daily activities efficiently based on precise local weather conditions.

VOLUNTEER EXPERIENCE

● Python Instructor

05/2024 - 07/2024

I taught Python to pre-engineering students, focusing on building their foundational programming skills. Through **practical exercises and projects**, I helped them gain a solid understanding of coding principles, preparing them for more advanced technology roles.

Certificates

● Google IT Automation with Python

11/2023 - 04/2024

● Evangadi Tech MERN Stack Developer

10/2023 - 12/2024

EDUCATION

● Addis Ababa Institute Of Technology

2023 - present

Bachelor of Software Engineering
